Superintendent Schaffer stated they have replaced a few culverts one on Stockton Road and one on Cuyler Hill, not sure when the paving will be done. The town received $14,000.00 more in CHIPS. The town is helping out Truxton and DeRuyter. Councilwoman Stafford asked about Cuyler Hill and Rose Valley and the garbage that was dumped there. The DEC citied them.

Code Enforcer Charles Ladd gave his report and will be talking to Legislator Paul Heider and Melanie Valardi about the solar project. The town has no pilot on it; he suggested looking at other towns' local laws on it. He asked about putting the local laws on our web site. The clerk stated that they already are. He asked about the fee schedule, but it has not been updated. He also stated that the mobile homes that people are living in are not up to code and have been sent many letters to correct the issue. He also sent certified letters for Steve Breeds property and sent one to Mr. Hulburt on the campers that are on Rte 13. The town has no zoning on campers, so it is very hard to do much about them as of now.

Justice Alan Fink had nothing new to report.

Addison Holtham came to the board meeting and asked if the town would be willing to help with a community day at the park. Eric Weising and the church are also very interested in doing so.

On a motion from Councilwoman Stafford and seconded by Councilwoman Corbin the board approved giving $150.00 for the community day.

No Dog report.

Adam Burrows came to the board meeting and asked about the laws on mobile homes and how they are different than campers. He was referring to his daughter's trailer on Rte 13 and why the code enforcer is not going after the campers on Rte 13 and targeting his daughter. Code enforcer Charels Ladd stated the trailer must be up to code. She has received letters of violation because she has not followed the local law. Adam asked why he could not put tires on the trailer and call it a camper. It became a heated argument and was quickly taken care of. The supervisor stated just to take care of the issues and things would be fine.

The Supervisor asked again about the Depot and what needs to be done. She stated that Chris Coon asked about prevailing wage on the project. Councilman Smith will get with Chris coon on the depot.

The clerk advertised for planning board members but have not received any calls yet.

On a motion from Councilwoman Corbin and seconded by Councilwoman Stafford the board agreed to adjourn the regular town of Cuyler board meeting at 8:26PM.
